NOTE: Due to a record number of worker volunteers and club member work hour requirements, we were not able to schedule all volunteers on all days available. People not scheduled either did not fit the available holes in the schedule, or scheduling for the available holes would have created a lot of down time (example: assigning a novice handler to the first class of the day). If you would still like to work, please let the ring captains know and check in with them before the start of each class; it is likely that there will be changes and no-shows and they may be able to fit you in.
